WELCOME MESSAGE

JOINT EUFEPS - PTFarm MEETING
KRAKOW, MAY 19 - 21, 2027

Following the successful Joint EUFEPS/SITELF Annual Meeting in Naples, EUFEPS is pleased to announce that the 2027 Annual Meeting will be held in Krakow, Poland, from May 19 to 21, 2027. The meeting is organized in partnership with the Polish Pharmaceutical Society (PTFarm) and Jagiellonian University, further strengthening collaboration among leading pharmaceutical scientists across Europe.

With its rich history, vibrant cultural heritage, and strong academic tradition, Krakow offers an inspiring setting for fostering international scientific exchange. We cordially invite scientists from academia, industry, and regulatory bodies to this historic university city-all united by a shared commitment to advancing pharmaceutical sciences and improving health and society.

Continuing the tradition of EUFEPS meetings, we are dedicated to offering an engaging, high-quality scientific program. The objective of the Annual Meeting is to connect participants from around the world who are actively engaged in pharmaceutical sciences, fostering the exchange of research, innovative ideas, and best practices. Reflecting the profound societal impact of our discipline, the theme for 2027 is "Pharmaceutical Sciences Advancing Health and Society".

The scientific program will feature a comprehensive array of topics, encompassing fundamental and applied research across pharmaceutical sciences and highlighting their contributions to healthcare and society. Alongside keynote and invited speakers, participants will have the opportunity to present their work through poster and oral presentations, selected from submitted abstracts. The meeting will provide a dynamic platform designed to foster dialogue, facilitate partnerships, and drive multidisciplinary innovation.

A highlight of the conference will once again be the "European PhD Student Competition", designed to recognize and encourage scientific excellence among the next generation of pharmaceutical scientists.

During the closing ceremony, several prestigious awards will be presented, including the Best Poster Award, the Best Paper Award from the European Journal of Pharmaceutical Sciences, the Woman in Pharmaceutical Sciences (WIPS) Award by EUFEPS, and the EUFEPS Presidential Distinction.

We look forward to welcoming you to Krakow for three days of scientific excellence, collaboration, and experience exchange in one of Europe's greatest academic and cultural cities.

See you in Krakow from May 19–21, 2027!

With our best regards,
